## Gratify the Tech-Savvy Guest Through Our Hotel Self Service Portal

More than 80% of global travelers are using their smartphones for everything and the modern tech-savvy traveler expects that from your hotel as well. Through eZee's Hotel Self Service Portal, you can offer exactly that and more. Giving your guest a great deal of accessibility, guest portal allows them to request for a change in their booking, manage their profiles, check in, and more right from their mobile device.

## Expand your World of Opportunities: 350+ Integration with 3rd Party Services

DCS offers an extremely scalable option of 3rd party integrations. Enabling seamless exchange of information between DCS PMS software and 3rd party solutions, our dedicated team ensures that our standard interfaces continue to meet the ever evolving standards of global hospitality industry.
